

Neater Cup Stand (ND-MB) - Instructions

- The Neater Cup Stand (ND-MB) is a stable base for the Neater Drinker Metallic (ND-M) or other suitable sized cup.
- The stand is a secure push-fit with the cup.
- Three screw-in legs with non-slip ends provide the stability.
- An alternative to using the legs is to screw the base directly to a table or to our clamping system through the central hole.

Safety

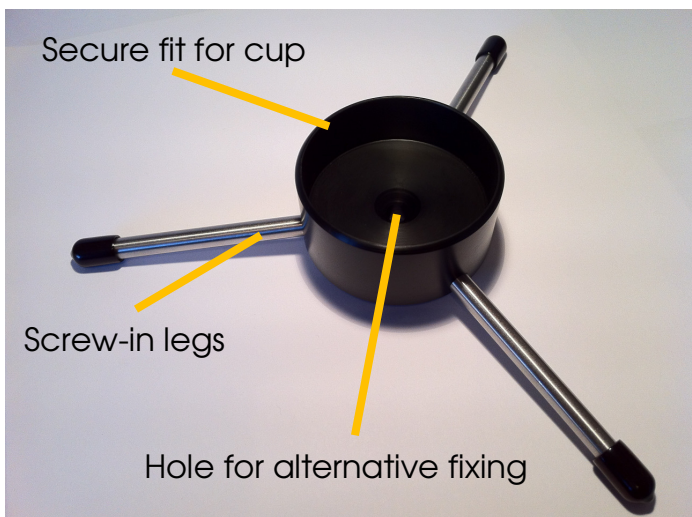

- Ensure the set-up is sufficiently stable for your use.
- Take note of safety instructions of other equipment such as the Neater Drinker Metallic (ND-M)
